SKANSKA

Press Release

July 31, 2009

08:30 am CET

Skanska awarded its first U.S. stimulus contracts for USD 95 M, about SEK 720 M

Skanska has been awarded its first fully funded American Recovery and Reinvestment and Act (ARRA) contracts, for renovation and modernization of the Dr. A.H. McCoy Federal Building in Jackson, Mississippi, and the George C. Young Courthouse and Federal Building in Orlando, Florida. The total value of these contracts amounts to USD 95 M, about SEK 720 M, which will be included in order bookings for the third quarter. The client is the General Services Administration (GSA).

The 15-story, 37,200 square meter renovation and modernization project of the Dr. A.H. McCoy Federal Building in Jackson, worth USD 60 M, about SEK 455 M, will begin its fast-track, design assist program in late August with a targeted completion in late 2012. The facility will incorporate green design concepts to achieve LEED® Silver certification from the United States Green Building Council. Skanska will work collaboratively with the project team to ensure the goals of the ARRA are met.

Skanska has also been awarded the modernization of the George C. Young Courthouse and Federal Building in Orlando, Florida. The 6-story, 17,500 square meter renovation and modernization project has been budgeted at USD 35 M, about SEK 265 M, and will begin in early 2010. Expected completion is late 2012. The project will also seek a LEED® Silver certification.

Both of these projects will be focused upon delivering the goals of the Recovery Act of 2009.

Skanska USA Building is a leading national and local provider of construction, pre-construction consulting, general contracting and design-build services. The company also provides validation services to clients in the pharmaceutical industry. Clients represent a broad range of U.S. industries including science and technology, healthcare, education, high-tech, aviation, transportation and sports and entertainment. The business unit is headquartered in Parsippany, New Jersey and has approximately 3,500 employees. Sales in 2008 amounted to about SEK 30.3 billion.

Press Release

August 3, 2009

8:30 am CET

Skanska to build motorway and railway in Western Sweden for SEK 520 M

Skanska has been contracted to expand the road E45 to motorway (four lane road) and to expand the railway with a second rail track on parts of the phase Bohus-Nödinge in Western Sweden. The contract amounts to SEK 520 M, which is included in order bookings for the third quarter of 2009. The customer is the Swedish Rail Administration and the Swedish Road Administration in cooperation and the procurement has been handled by the Swedish Road Administration.

The contract is a part of BanaVäg (RailRoad) in Western Sweden, a cooperation project between the rail and road administrations to handle the expansion to motorway and dual rail track standards for road E45 and Norway/Lake Vänern railroad between Agnesberg and Älvängen. The investment is a part of the expansion of communications between Gothenburg and Trollhättan.

Skanska's contract includes ground works and improvements for 3.4 kilometers of new dual track railroad and expansion of road E45 to motorway standard on a 3.2 kilometer stretch. The project also includes refurbishment of the Jordfall bridge and a new intersection at Bohus in two levels with about 1,000 meters of new access roads. A local road is also expanded along the entire stretch and noise barriers will be erected.

Work will be performed by Skanska Sweden and will begin in August and is scheduled to be completed in December 2012. Existing train and road traffic will remain unaffected during the entire construction period.

Skanska Sweden is one of the largest construction companies in Sweden, with operations in the building and civil engineering area. The company has approximately 10,000 employees and generated revenues totaling about SEK 30 billion in 2008. In Sweden, Skanska is also active in the development of residential and commercial premises.
